

## Instructor Application Form

### Instructions & Application Requirements

This position requires the submission of a resume and cover letter addressed to Mark Godin. Although all applicants will be contacted, due to time constraints, only those applicants who fit job requirements, and have strong applications will receive an interview.

Interviews will start on May 9<sup>th</sup> and will go until May 11th. Please clearly indicate your availability for these dates below. If for some reason you are unavailable for an interview during this time, please contact Science Quest so that alternative arrangements can be made.

For legal reasons, those interested in the position of Driver, must be 21 years of age by the summer.

On the Science Quest instructor team, an even number of male and female instructors are required. At this point in time, due to current numbers in staff team, this position is **open only to applicants who identify as male**.

Applications are due **May 8<sup>th</sup>, 2013 at 8:00PM**. Please send a complete electronic copy of your application (including resume and cover letter) to [scienceq@engsoc.queensu.ca](mailto:scienceq@engsoc.queensu.ca).

### Application Form

Name: \_\_\_\_\_ DOB (YYYY/MM/DD): \_\_\_\_\_

Other (specify):	
Other (specify):	

Please expand upon any subject areas in which you have particular interest and ease.

I certify all information contained in the application to be correct:

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

## Application Questions

Please keep your answers succinct and to the point.

1. What skills/qualities do you think the ideal Science Quest Instructor would possess? Why do you think you would be a good instructor?
2. What are you most looking forward to this summer, if hired?
3. As an instructor, you are expected to develop engaging and relevant activities that relate to science, engineering and technology. Choose a topic that interests you from these areas and design an activity for a class kids aged 10-12 that makes them understand the topic in a hands on manner. How would you explain the topic and ensure the children understood and were engaged?
4. If you were a science experiment what would you be and why?
5. Optional: Anything else you think we should know that isn't covered in other areas of your application?

**Thank you for your interest. Good Luck!**
